Cabaña o Hacienda :
Propietario :

Fecha de Registro :

REGISTRO NO OFICIAL
DE CONSULTA PÚBLICA

The diagram is a genealogical chart template. It features a central vertical line with a horizontal line branching to the left, representing the sire's side. To the right of the central line, there are two horizontal lines branching to the right, representing the dam's side. These lines connect to a series of boxes on the far right, which are intended for the registration of the animal and its parents. The chart is designed to show the lineage of the animal being registered.
